

# WILDERNESS EQUIPMENT DELUGE JACKET

Over 35 years making rainwear for recreational, military and industrial use has given us a deep understanding of usability, durability, and fit. We have put our experience into practice developing this high-quality, easy to maintain 2/3 length rain jacket.

Whether slogging through the South-West Tasmanian mud or escaping the tropical rain in Northern Queensland, this jacket's mid-thigh length makes it perfect for use without overpants.

- » Durable, easily maintained "Storm Defence" polyester taslan fabric
- » Full seam sealed
- » Long length
- » Adjustable hood gives a wide range of vision and superb protection from the elements
- » Excellent shoulder room and free reach
