

## WILDERNESS EQUIPMENT SECOND ARROW

The Second Arrow is a high-tech, compact, 2-person, double-skinned expedition tent for ultra-lightweight travel in snow, across exposed country and in severe weather. It's excellent flow-through ventilation also makes it perfect for summer and tropical use. It is also a great solution for solo travellers looking for a roomier tent that can perform in extreme weather conditions. This tent is only available with our high-tech outer tent skin fabric: 30 denier, high-tenacity Nylon 66 with 3000mm HH sil/sil coating. Taller users will appreciate the increased sit-up height and longer floor length

- » 4+ season, 2-person tapered tunnel tent
- » Siliconised 30D Nylon 66 outer with 3,000mm HH sil/sil coating
- » Unstressed, 40D Nylon deep tub floor with grey 5,000mm HH PE coating
- » Double-sided entry maximises useful vestibule space
- » Inner tent length: 220cm. Sit-up height 100cm in working space
